

Diamond Bar
FARM & RANCH

CORRALS

CORRALS MODULAR DESIGN. EASY SETUP.

Set up the perfect pasture or practice paddock with the Diamond Bar free standing steel corral. As a completely modular design, the Diamond Bar corral is the ideal solution for building portable, adjustable, high strength corral systems for your horses. Corral panels are available in 4-foot to 20-foot lengths, giving you the flexibility to build any shape, size or design of containment area. Both the standard 6 bar - 57 inch and the heavy duty 7 bar - 66 inch Diamond Bar corral panels provide a safe and protective environment for both you and your horses.
